

## Yuelamu Central

## **Community Profile**

Pronunciation: You-la-mu

Alternate name: Alpirakina, Alpirakinga, Mount Allan and Mount Allen

Location: Yuelamu is 280km northwest of Alice Springs

NT Region: Central

Population: Approx. 260 residents

Access: Road and air

Language groups: NA

Phone: No phone service

**Internet:** Only personal use of internet in the accommodation

## Climate (Central)

Season	Description	Temp. Range
Winter (June to August)	Cooler and dry	-7°C to 32°C
The temperature can drop below 0°C overnight in winter. Please ensure you are equipped for these extremes. Humidity Range 20% – 50%	Fine weather with minimal rain is the norm with the possibility of getting quite cold by Territory standards between the June to July period. Spring (Sept-Nov) and Autumn (Mar-May) in Central Australia see warm days and cool evenings.	
Summer (December to February)	Hot and dry	16°C to 45°C
The temperature can rise above 40°C in summer. Please ensure you are equipped for these extremes. Humidity Range 30% – 95%	Central Australia has a semi-arid climate. In the summer months, the days are generally hot, sometimes very hot. If rain is to fall, it is more likely in the summer months, which may lead to road closures.

<sup>&</sup>lt;sup>1</sup> Telstra 3G/Next G are typically the only mobile services that work in more remote parts of the Northern Territory. See link – http://telstra.com.au/mobile-phones/coverage-networks/our-coverage/. <sup>2</sup> For more detailed description of the health centre and their services, please contact the Health Service directly.

<sup>&</sup>lt;sup>3</sup> Training should be arranged before your arrival in the community.

Alcohol	
Alcohol <sup>4</sup>	This community is a dry community, no alcohol is permitted. This applies to everyone including visitors.
Governance	
Local Government	Local Council is the Central Desert Shire Council. Land Council is the Central Lands Council CLC.
Outstations	The outstations surrounding Yuelamu are Pulardi, Garden Bore and 10 Mile.
Other tips and relevant	information
Other tips/relevant information	Be prepared for the variable standard of accommodation in communities. A sleeping bag sheet insert is a good idea for protection against biting insects.
	Whenever possible, avoid being on the road from dusk till dawn. Apart from the unfenced cattle station, the region has a population of feral horses, donkeys, dogs and the occasional camel along with a native population of Kangaroos and Dingoes. All of which are a significant road hazard.
	On arrival, please check with the Health Centre to understand any health or social issues within the community. They can also let you know of any sacred sites to avoid.

Disclaimer This information is prepared in good faith and to the best of our knowledge at the time of printing. However, Aboriginal communities, like any community, can change as the population shifts and people move on. Please contact NT Remote Locum Program to confirm any key issues or concerns you may have ahead of your NT Remote Locum Program placement. NT Remote Locum Program also values any input you can provide to improve our Community Profiles.
